Dear Sir:

This paper summarizes the telephone interview conducted with the examiner and the supervisory examiner, Edward Urban (hereinafter, the Telephone Conference), concerning the above-identified application, which was conducted on January 16, 2008. The Telephone Conference was in reference to the examiner interview, which was conducted in regard to the above-identified application on January 15, 2008, the summary of which was filed on January 16, 2008 (hereinafter, the Examiner Interview). The Examiner Interview is hereby incorporated herein by reference in its entirety.

Application No. 10/810,462

It was agreed that a search of all of the applicable art was performed in connection with the above-identified application and the cited art produced as a result of that search did not teach all of the limitations of claims 5, 15 and 25. It was agreed, and reaffirmed by the examiner and the supervisory examiner during the Telephone Conference, that claims 5, 15 and 25 in the above-identified application will be amended by the Applicant to clarify the claim language, as suggested by the examiner and the examiner supervisor, and that the so-amended claims will have the status of being objected to, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. It was also agreed that the Applicant will submit a request for continued examination (RCE) to permit entry of the amended claims.

Respectfully submitted,

Date: January 17, 2008
